

Windmill Court Mortimer Common

Development proposal

We'd like to hear from you

Sovereign Housing Association has plans to redevelop land at Windmill Court, Windmill Road, Mortimer Common, for affordable and private family homes.

As the type of housing older people want has changed, different kinds of affordable homes are needed in this area. We did look at options to modernise or refurbish these homes but concluded that we wouldn't be able to bring them up to the standards needed to provide our customers with homes that are warm, comfortable, and affordable to run. Because of this, we're proposing to demolish the existing properties and redevelop the land shown to provide 24 new family homes, 15 for affordable housing.

We're in contact with those residents who are affected and will be working with them to find suitable alternative accommodation over the coming months.

We'd like to hear your thoughts about the proposal
