

Introduce 20mph Speed Limit Outside St Mary's School, Mortimer at School Drop-Off and Pick-Up times

This proposal is for a timed 20mph zone, applying only at times of day when children are arriving or leaving school, reverting to the 30mph speed limit at other times.

Such an approach is expected to improve safety for children, parents/carers on foot and bicycle and reduce the risk and severity of collisions at school gate times.

We, the undersigned, petition the Council to introduce a 20mph speed limit outside St Mary's School, Mortimer during child drop-off and pick-up times, where it is currently 30mph.
